PUBLIC HEALTH NURSE REPORT

Official visits made by Public Health Nurse,
Delia B. Hapgood, for the year 1931:

Nursing Care visits	406
Welfare	176
Obstetrical	21
Assisting at Operations	4
Night duty (all night)	1
School calls	185
	<hr/>
	793
Fees Collected	\$261.50
Voluntary Payment by the N. H.-Vt. Lumber Co.	250.00
	<hr/>
	\$511.50

In submitting this report I am giving the number of visits that have been made in official capacity, besides nearly as many visits pertaining to the welfare of the schools. In many instances I have visited the homes of pupils outside of school hours. These visits that are enumerated are supposed to be under charge and individuals are expected to pay for the same.

In addition to my regular duties I have done work for the Coos County Children's Aid & Protective Association.

I desire to repeat my statement of 1931 report in regard to a dental clinic. After examining the children I believe this would be vastly beneficial to the children at a moderate expense to the town. My territory includes the entire town of Stratford, the schools in North Stratford, Stratford Hollow and East Stratford. I answer many out of town calls for which pay has been charged and in most cases collected. Under the instructions of the town I have not been too aggressive in the collections yet people have been attended who should pay the fees which at the highest are only nominal.

The Metropolitan Service is still in force and all nursing calls made for them are paid for by the company at the rate of 60c per visit.

I have collected \$261.50 from calls and The New Hampshire-Vermont Lumber Co. made a voluntary payment of \$250.00 per year, making a total of \$511.50.

REPORT OF WATER DEPARTMENT

1931

To the Citizens of the Town of Stratford, I beg to submit the following report:

Under new construction we installed a new one-inch pipe line in Bloomfield running from the four-inch pipe line connecting the Bloomfield reservoir and Stratford system, near the Nulhegan Bridge to the John Hutchins house where Leslie Stoddard now lives. This line also feeds the Stockwell house and replaces the old three-quarter inch line installed many years ago. About 450 ft. of pipe was used for the job.

The following connections onto the new water system were made last summer: Mrs. Esther Clark, Herbert Watts, Daley Filling Station, Court House. One connection for the Hutchins Buildings, namely Central Office, Hardware Block, Garage Block, Ramsey Block, and Ukum Block.

These connections now make all the houses feed from the new system on the New Hampshire side, except those on the Colebrook road beyond the Bar-den House of the N. H. & Vt. Lumber Co. Practically all the water used on both sides of the river now comes from the new reservoir on Baldwin's brook.

The maintenance work consisted in cleaning the Bloomfield reservoir, town fountain, trouble with main shutoffs at the Hotel, W. F. Nugent's and Mrs. Cora Graham's, leak in four-inch pipe line in river,

replacing broken hydrant at the K. of P. Hall, and inspecting hydrants and main reservoir.

Collections have come in very good this year considering the times. There are a few unpaid accounts, however, I feel that they will soon be taken care of.

The amount collected to date amounts to \$2928.82.

Respectfully,

FRANK A. SMITH,

Supt. of Water. Dept.
